16' Extension Handle w/ Bottle
Series 6268B

REMCO
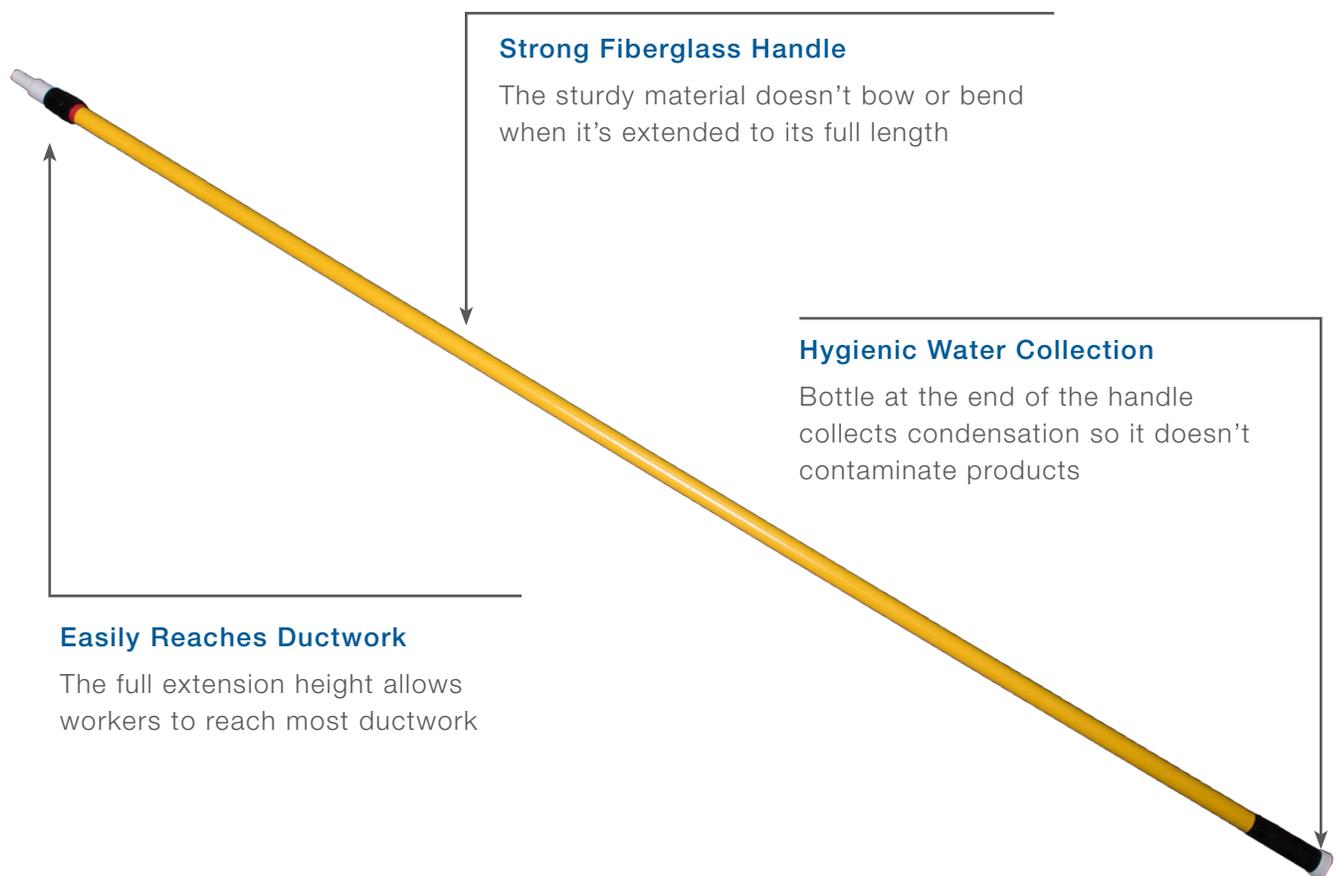

Strong Fiberglass Handle
The sturdy material doesn't bow or bend when it's extended to its full length

Hygienic Water Collection
Bottle at the end of the handle collects condensation so it doesn't contaminate products

Easily Reaches Ductwork
The full extension height allows workers to reach most ductwork

This composite fiberglass and aluminum extension pole extends past 15 feet, and drains into the included bottle part number RP6946. The pole is designed to work in conjunction with our condensation collection squeegees to eliminate dripping water that could contaminate food product or cause corrosion on costly equipment. The ceiling squeegee system provides a more sophisticated and effective option than rags and sponges.
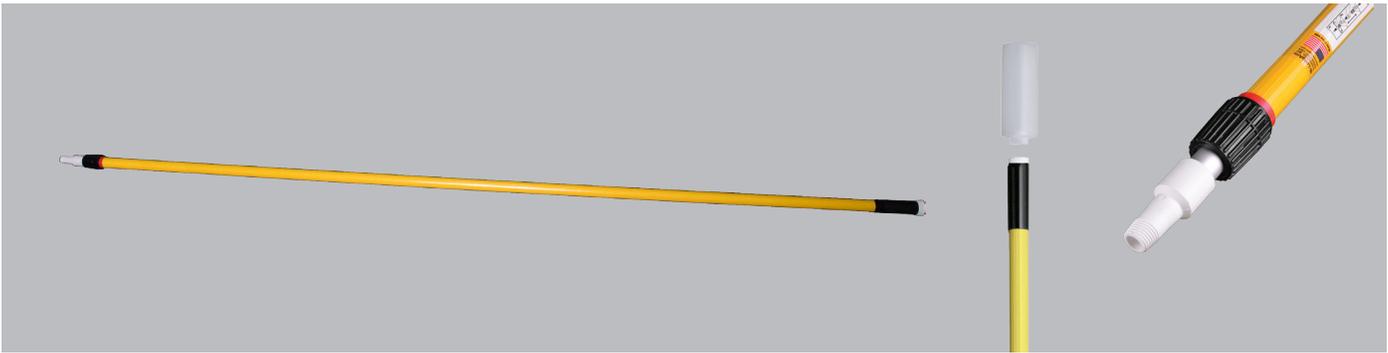

16' Extension Handle w/ Bottle
6268B
Available in yellow only

Condensation squeegees are Remco's unique solution to a common food industry problem. Attach this handle to reach tall ductwork to remove condensation before it falls into food or onto expensive machinery. The handle easily extends to up to 16 feet.

Specifications:

Length: 98.8" - 187"

Width: 1.25"

Height: 1.25"

FDA-Compliant Raw Material: No

Material: Fiberglass/Aluminum

Unit Weight: 2.83 lbs.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
