

16" UST Soft Push Broom

Series 3171

Soft Bristles

Bristles are adept at sweeping dry, fine particles like flour and sugar

Hygienic Euro Thread

Hygienically designed Euro thread prevents walk-off and is easy to clean

Exclusive Bristle Pattern

UST-only bristle pattern is easily cleaned and sweeps as efficiently as traditional patterns, if not more so

Vikan's 16" Ultra Safe Technology soft floor broom with Ultra Bristle Security is effective for sweeping dry particles in high risk areas. The angled arrangement of the Bristle Security Units ensures efficient and effective cleaning, while the lack of resin, glue, or staples means bristle units are easy to clean, FDA-compliant, and more secure.

16" UST Soft Push Broom

3171

The UST Soft Push Broom maximizes the cleaning effort while minimizing potential contaminants. The soft bristles are ideal for cleaning dry, fine particles and are organized to form a unique, highly efficient pattern.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
