

Ø2.5" Pipe Brush

Series 5380-63

Hygienic Euro Thread

Hygienically designed Euro thread prevents walk-off and is easy to clean

Stiff Bristles

Bristles surround the brush for a more complete clean in pipes

This tube brush has bristles along the sides as well as in the front. It is used in areas where a wider tube cleaning action is required or where the equipment has an endpoint that cannot be reached with a hand brush. Requires a Euro thread handle. (This part number replaces 53912)

Ø2.5" Pipe Brush

5380-63

Ideal for cleaning wider pipes, the Pipe Brush has stiff bristles for better manual cleaning action. The bristles surround the head of the Pipe Brush, making it a great choice for cleaning pipes that have end points that hand brushes can't reach.

Specifications:

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
