

SHOWA

6784R

Forged with rugged neoprene, rough grip and a 14" gauntlet combined with cotton lining, SHOWA 6784R is designed for comfort in hot or cold environments while providing protection against acids and caustics.

FEATURES

- Full neoprene coating
- Cotton liner
- 14" gauntlet
- Rough grip

BENEFITS

- Cotton liner helps keep you cool and comfortable in hot conditions or warm in cold conditions
- Provides protection against acids, caustics, oils, greases and many solvents
- Excellent all-around protection against physical hazards such as abrasion and cut
- Rough finish is excellent for applications where a good wet grip is required

INDUSTRY

Clean room

IDEAL APPLICATIONS

- Biotechnology
- Cytostatic
- Life sciences
- Pharmaceuticals and API

PACKAGING

- 12 Pair Per Carton
- 3 Cartons Per Case
- 36 Pair per case

SIZES

- L

COLOUR

- Black

[USER INSTRUCTIONS

Protection against mechanical risks, with electrostatic properties. Do not use where there are chemical, electrical, thermal or entanglement risks. Wash at 40°C max. Performance levels as per standard EN388 retained after 3 washes, subject to variations linked to actual usage conditions. The performance levels apply to the coated surface only. Store in a dry place, away from the light. All clothing and shoes worn with the glove with electrostatic dissipation properties must also be designed taking the electrostatic risk into account.

[DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
