# Scrub Pad- Fine
Series 5525-10PK
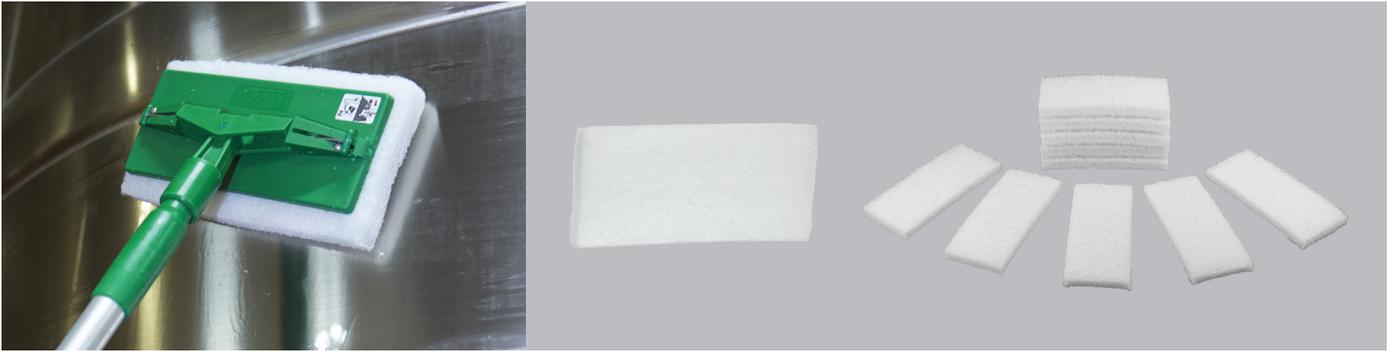

REMCO

Easy Attachment

These pads easily clip into a handheld scrubbing tool or a floor tool to clean messes without scratching surfaces

Fine Polyester Fibers

These fibers allow you to clean sensitive surfaces without causing damage

This soft pad is gentle enough to clean stainless steel tanks. This pad pairs with the floor pad holder (5500x) to gently clean stainless steel tanks, and with the handheld scrubbing tool (5510x) to clean stubborn messes on stainless steel counters or machinery.

Scrub Pad- Fine
5525-10PK
Available in white only

This pad can be attached to a handheld pad holder (5510x) for superior control. The pad can also be attached to a floor pad holder (5500x) with a handle to easily access otherwise difficult to reach areas. The soft fibers handle tough messes without scratching delicate surfaces.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
