

Scrub Pad- Medium

Series 5524-10PK

REMCO

Easy Attachment

These pads easily clip into a handheld scrubbing tool or a floor tool to scrape clean tough messes

Medium Polyester Fibers

These fibers allow workers to clean walls and surfaces with stubborn debris

This medium pad is great for cleaning stubborn dirt and grime on walls. This pad pairs with the floor pad holder, which allows for easy cleaning of stainless steel tanks and processing plant walls. The handheld pad holder can be used with the medium pad to scrub countertops and clean heavy machinery.

Scrub Pad- Medium

5524-10PK

Available in blue only

This pad can be attached to a handheld pad holder (5510x) for superior control. The pad can also be attached to a floor pad holder (5500x) with a handle to easily access otherwise difficult to reach areas. The medium fibers handle tough messes without scratching softer surfaces.

Specifications:

Length: 10"

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
