

PRODUCT SPECIFICATION REPORT

Reach is an industrial strength, thick liquid hand cleaner fortified with pumice for heavy duty cleaning and removal of grime, grease and oil.

REACH

Industrial Strength Hand Cleaner.

PROD.#0925

FEATURES/BENEFITS:

Fortified With Pumice	Reach includes a solvent, detergent and pumice blend to supply a penetrating cleaning action especially formulated for removal of stubborn industrial soils, grease, grime, ink, resins, adhesives, tar, carbon, and asphalt.
Easy on Hands	While it is a strong grease remover, Reach is also enriched with lanolin and other emollients to work against chapping and drying of hands.
Pleasantly Scented	Reach leaves hands with a pleasant almond fragrance.
Rinses Freely	Rinse completely, quickly and easily from hands.

APPLICATIONS:

Reach is specially designed to remove stubborn industrial soils from hands in every type of work including print shops, factories, and municipalities and where ever hands get dirty. It is especially useful in: airport terminal services, animal hospital & veterinarians, cleaning and maintenance services, truck & auto repair shops, machine shops, industrial manufacturing, bus & transit authorities, school systems, and wastewater facilities.
