

PRODUCT SPECIFICATION REPORT

Brake Flush VOC is a fast evaporating, non-chlorinated aerosol solvent degreaser specifically designed for brake parts.

BRAKE FLUSH VOC

Aerosol Non-Chlorinated Brake Parts Cleaner

PROD. #L934

FEATURES/BENEFITS:

VOC Compliant	Meets regulation for brake parts cleaning in all states.
Fast Evaporating	Leaves no residue and will not interfere with subsequent brake operations.
Highly Effective	Washes away grease, oil, brake fluid and impacted dust without harming metal, rubber or lining and pads.
Non-corrosive	Contains no ingredients that will cause corrosion on metal parts.

NOTE: Spray is extremely flammable. Precautions must be observed to eliminate sources of ignition for liquid and/or vapors.

APPLICATIONS:

Brake Flush VOC is recommended for use in all vehicle maintenance and brake repair shops. Use whenever inspecting or replacing brakes, on brake drums and discs, backing plates, wheel cylinders, pads and linings, master cylinders, return springs, adjusters and other brake parts. Particularly useful in: Automotive Parts Stores, Automotive Repair Shops, Motorcycle Dealers, New and Used Car Dealers, Passenger Car Rental and Leasing, Service Stations, and Truck Rental and Leasing
