

DURAFRAME®

THE INFOFRAME

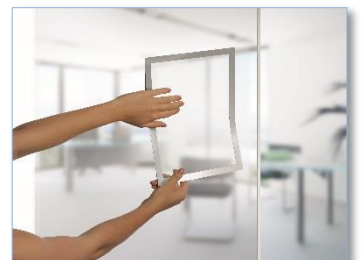

The frame is identical in appearance from both sides and can be used in either portrait or landscape format. DURAFRAME® can be adhered to smooth, solid surfaces, including glass, and can be removed and repositioned.

KEY ADVANTAGES

1 | Remove the protective backing paper.

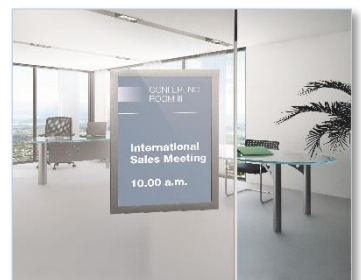

2 | Affix the frame in the desired position.

3 | Fold back the magnetic frame to insert materials.

4 | Can be viewed from both sides while applied to glass – does not leave a residue.

DURAFRAME®

THE INFOFRAME
