
HEAVY-DUTY WIRE STRIPPER WITH CRIMPER

Combining six commonly used stripping holes in one tool

4x
Stronger*

* Compared to traditional wire strippers.

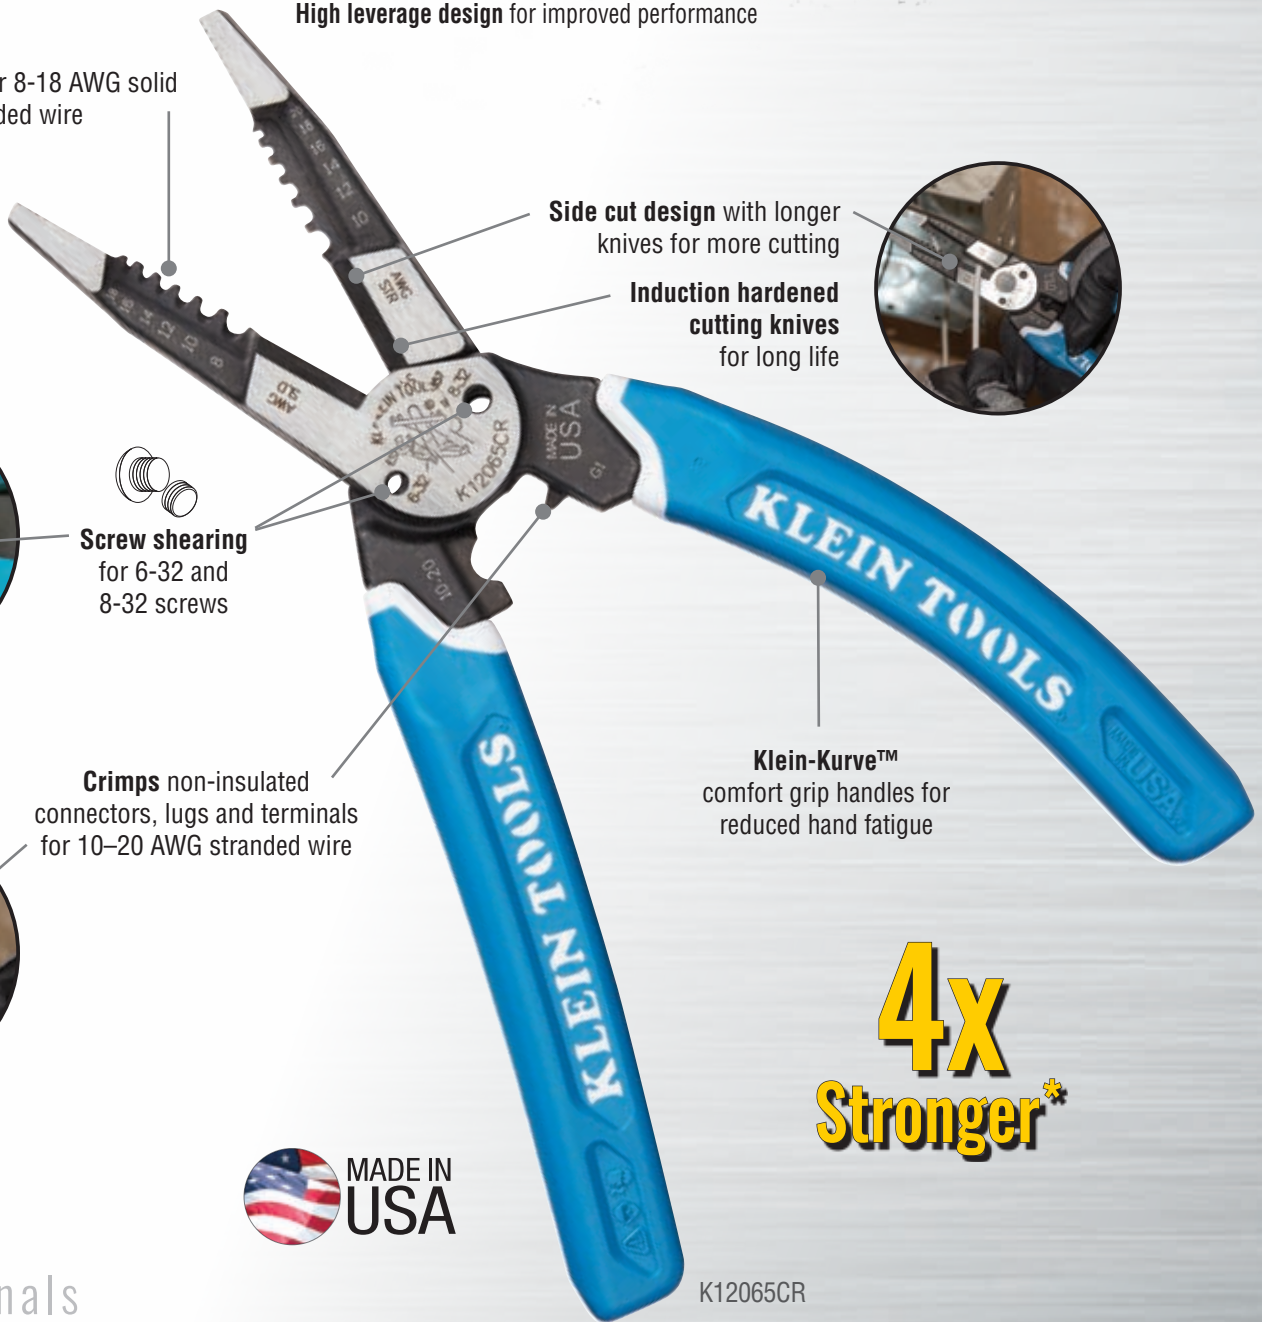

SIX STRIPPING HOLES IN ONE TOOL

This forged, heavy-duty Wire Stripper/Crimper has the durability of pliers, the sharpness and precision of a wire stripper and an integrated crimper. Easily twists three wires, cleanly strips 8-18 AWG solid and 10-20 AWG stranded wire and crimps 10-20 AWG stranded wire.

High leverage design for improved performance

Six stripping holes for 8-18 AWG solid and 10-20 AWG stranded wire

Side cut design with longer knives for more cutting

Induction hardened cutting knives for long life

Screw shearing for 6-32 and 8-32 screws

Crimps non-insulated connectors, lugs and terminals for 10-20 AWG stranded wire

Klein-Kurve™ comfort grip handles for reduced hand fatigue

4x Stronger*

K12065CR

*Compared to traditional Klein wire strippers.
