

Air Plus Air Belt™

The AIR PLUS AIR BELT™ is a uniquely designed inflatable lumbar support that can be conveniently worn inside or outside of clothing without restricting mobility. The AIR PLUS AIR BELT™ helps to support the lower back and reduce muscular discomfort. When inflated the interconnected chambers conform to your back and apply forward pressure promoting muscle relaxation and encouraging proper alignment of the lower back.

LUMBAR SUPPORT

Unsurpassed Value and Performance
Two Convenient Sizes Fits Most Wearers
