Factsheet

100% RAYON

NONWOVEN WIPERS

Ideal for applications where absorbency is critical.

30N526

Tough Guy Rayon Wipes, 100% hydroentangled apertured rayon nonwoven fabric is super soft and highly absorbent. Rayon is abrasive resistant and highly compatible with cleaning solvents such as IPA and Hexane.

Tough Guy Rayon Wipes are ideal for applications where absorbency is critical.

It is a preferred choice for use in laboratories, aerospace, defense electronics, hospitals, computer assembly, biotech research facilities and semiconductor, circuit board, pharmaceutical and biomedical device manufacturing.

100% RAYON SPUNBOND APPERTURED WIPERS

ITEM#	Description	Packaging
30N525	6"x 6" (15CMx15CM) nonwoven, 1/4 fold 40 GSM Weight	50 wipers/bag 20 inner bags/case
30N526	12"x12" (31CMx31CM) nonwoven, 100% Rayon 40 GSM Weight	100 wipers/bag, 10 inner bags/case

Applications/Features

- Designed for applications that require high absorption and compatibility with cleaning solvents
- Suitable for cleaning critical components and lab equipment in aerospace, laboratories, hospitals, pharmaceuticals.

6"x 6" sheets (30N525)
